

Weekend Warrior collar

Weekend warrior collar is an ergonomic and durable collar for everyday use.

Weekend warrior collar has a wide padding that makes it comfortable for the dog. Due to its ergonomic design, any pressure from pulling is distributed over a wider area. The collar is fastened with an easy-to-use snap closure, and it has a strong metallic O-ring for the leash. The safety locking mechanism directs the pulling forces away from the snap closure, which makes the collar safe to use. The durability of the collar has been tested with tensile strength tests (SGS). The snap closure and buckles are made from high-quality and durable plastic. Visible 3M reflectors add to the safety.

The surface material of the collar is soft and durable polyester that is easy to keep clean. The lining material is breathable and comfortable mesh that does not rub or sweat the dog. A wear-resistant band runs through the entire collar, which guarantees the safety of the collar.
